

**City of Flagstaff**  
**Rainwater Harvesting Rebate Application**  
Utilities Division, Water Conservation Program  
211 W. Aspen Avenue, Flagstaff, AZ 86001  
(928) 213-2116

Rebate is limited to \$100 per site and is only for new rainwater harvesting tanks purchased on or after July 1, 2016, that add up to a minimum of 1,000 gallons total capacity. Several smaller tanks may be installed to achieve this total capacity. **Submit the completed rebate application online at [www.waterrebates.com](http://www.waterrebates.com) or mail it to the above address.**

**Other information:**

If a rebate was not offered, would you still have installed the rainwater harvesting tank(s)?

Yes     No

How did you find out about the rebate?

\_\_\_\_\_

**I Confirm:**

- I am a current City of Flagstaff metered water customer.
- I have included a receipt(s) with the application showing the price and date of purchase of the rainwater harvesting tanks.
- I have included a copy of my most recent City of Flagstaff utility statement.
- I have included a photo of the rainwater harvesting tank(s).
- Yes     No    The rainwater harvesting tank(s) was purchased on or after July 1, 2016.

Please complete all questions and requested information accurately or the application will be rejected. Only applications current at the time the envelope was postmarked or the application was received at the City of Flagstaff Utilities Office will be honored. Applications may be obtained from the City of Flagstaff website located at <http://flagstaff.az.gov/rebates> or the City of Flagstaff Water Conservation Office. Outdated applications will be rejected.

An inspection of the new rainwater harvesting tank(s) may be done before a rebate is issued or up to 12 months after the rebate is issued. If a rebate is issued and the information that was provided was falsified or incorrect, the rebate will be subject to a reversal and any credits will be removed from your account. Applicant is responsible for proper installation and associated costs. The rebate is only for existing customers and may not be available for customers who have terminated their account after the rebate application has been received. The rebate is dependent on funding availability and rebates are first come/first served. Any applications received once funds have been exhausted may not qualify for a rebate if additional funds are received. Rebates will not be issued to inactive customer accounts or subsequent customer accounts. You may submit your application, receipts, and photos using the web portal [www.waterrebates.com](http://www.waterrebates.com) or mail them to:

City of Flagstaff – Utilities

211 W. Aspen Ave.  
Flagstaff, AZ 86001

*I have read and accept the requirements as stated on this application. I hereby certify that I am the customer authorized to install the rainwater harvesting tanks at the address listed above and have installed rainwater harvesting tanks totaling at least 1,000 gallons total capacity since July 1, 2016, at the address listed. I authorize a representative of the City of Flagstaff to enter the property identified above while I am present after scheduling an appointment to verify the installation of the rainwater harvesting tank(s) indicated in this rebate application before or after the rebate credit has been applied. I acknowledge that failure to adhere to any of the requirements stipulated here may invalidate my rebate application and result in no rebate. If a rebate credit was already issued and an inspection of the rainwater harvesting tank(s) or any support information for the rebate including the application and receipt find the information to be incorrect, the rebate amount may be removed from my account at any time.*
