### **REORDER AGENDA**

### **APPROVAL OF MINUTES**

Regular Meeting of February 5, 2014

Special Meeting of March 26, 2014

## **II. NEW BUSINESS**

### **A. City of Flagstaff – Franklin Avenue Traffic Calming**

The City was contacted from residents in the area of the Franklin and O'leary intersection in late 2013. The concerns stemmed from a particular high profile vehicle crash at the intersection of Franklin and O'leary and the resident's observation that the intersection had recently seen a dramatic increase in crashes.

Staff conducted speed, volume and crash analysis studies of Franklin Avenue and its intersections between Lone Tree Road and San Francisco Street and found that speeds were moderate to acceptable on Franklin, but that the intersection of Franklin and O'leary had a crash rate roughly twice that of its peer intersections.

Staff has now completed the analysis of Franklin Avenue and has developed several concepts that would reduce speeds on Franklin Avenue and improve the crash rate at the Franklin and O'leary intersection.

**Staff Recommendation:** Action Item – review the staff presentation and discuss the project’s path forward and timeline.
