Vacant, Recording Secretary
Stephanie Sarty, Transportation Engineering PM
Martin Ince, Multimodal Transportation Planner
Reid Miller, Transportation Engineering PM

I. PRELIMINARY GENERAL BUSINESS

PUBLIC COMMENT

At this time any member of the public may address the Commission on any subject within the Commission's jurisdiction that is not on this meeting's agenda. The Arizona Open Meeting Law prohibits the Commission from discussing or taking action on an item that is not listed on the prepared agenda. Commissioners may, however, respond to criticism made by those addressing the Commission, ask staff to review a matter, or ask that a matter be placed on a future agenda.

To address the Commission on an item that is on the agenda, please wait for the Chair to call for Public Comment at the time the item is heard.

APPROVAL OF MINUTES

October 7th, 2020
November 4th, 2020

II. NEW BUSINESS

A. City of Flagstaff – Climate Emergency Declaration

City Staff from Sustainability will present information related to this summer's Climate Emergency Declaration.

Staff Recommendation: Informational item, no formal action is required.

B. City of Flagstaff – Woodland Drive – Speeding and Overflow Parking

Transportation Staff will present the results of a recent speed and volume study performed on Woodland Drive. Woodland Drive residents reached out to the City this summer. An informal neighborhood meeting took place with residents, Transportation Staff and Councilors Odegaard and Aslon. Traffic counters were set, and the data has been compiled and ready for discussion.

Based on the City's [Residential Traffic Management Guidebook](#) sketched several speed control traffic calming measures onto Woodland Drive to start a conversation with the commission.

Staff Recommendation: Staff will present the speed and volume data for Woodland Drive. Staff recommends that the Commission consider interim speed control traffic calming measures for Woodland Drive.

C. City of Flagstaff – Mt. Pleasant Drive – Speeding and Truck Traffic

Transportation Staff will present the results of a recent speed, volume and vehicle classification study on Mt. Pleasant Drive near the intersection of Edgewood Street

Staff Recommendation: Informational item with presentation. No formal action is required.

D. City of Flagstaff – Citizen Petition –

HWY 89 and Smokerise Traffic Signal

Transportation staff will present the citizen petition and background information on the location and the current operational characteristics of the intersection and traffic signal at Hwy 89 and Smokerise Drive.

Staff Recommendation: Review the petition and presentation and provide input on a path forward, staff recommends moving some form of this project into project development for consideration of future CIP programming.

E. City of Flagstaff – Citizen Petition –

BASIS school area 15 MPH Zone

Transportation Staff will present the citizen petition and some background information. Information on school zones in general and how they are addressed in Arizona Revised Statutes and in Flagstaff will be presented. Specific information for this school site is not available due to the ongoing school shutdowns related to COVID-19. Staff has spent considerable time at this school site over the years helping to develop improved pick up and drop off procedures but has not collected the school aged walking population information necessary to determine the appropriate and eligible school crossing treatments.

Staff Recommendation: Review the petition and staff presentation and revisit this item when school is back in 'normal operation' to determine what, if any additional treatments correspond to the conditions present.

III. OLD BUSINESS

A. Boulder Pointe Traffic Calming preliminary alternatives

At the October TC meeting the commission asked Staff to refine the previously presented options for traffic calming – speed control measures for University Avenue.

The data indicates that speeds are higher than expected and accepted on University Avenue and that is unlikely to change with follow-up studies after the COVID-19 traffic altered period ends.

Staff has now updated and refine the options for University Avenue.

Staff Recommendation: Staff will present several updated options for review and discussion. Staff is looking for input on which concept has the most merit for an in the field temporary installation.

IV. CONCLUDING GENERAL BUSINESS

A. Reports

1. Report from the Bicycle Advisory Committee:

<http://www.flagstaff.az.gov/index.aspx?nid=1822>
