Garden City, CA Water Operations

### Don't let our pipes look like this!

City of Arlington, VA Water & Utilities

**Water Services**  
**Administration Building**  
2323 N. Walgreens St., Suite 1  
Flagstaff, AZ 86004

When F.O.G. cools, it hardens and can clog sewer pipes, preventing water from passing through. F.O.G. blockages can result in costly problems in your home and at the City's water reclamation plants.

**By following a few simple steps, you can help prevent sewer backups and spills:**

Siga estos pasos para ayudar a evitar cañerías obstruidas y derrames de las alcantarillas:

- 1. Pour cold fats, oils and grease into a covered, disposable container and throw it in your garbage. Never pour fats, oil, or grease down sink drains or toilets.**

Coloque las grasas y los aceites frios en un contenedor desechable y con tapa y tirelo a la basura. Nunca tire las grasas en los drenajes de su casa.

- 2. Soak up spilled oils and grease with an absorbent material such as paper towels or kitty litter, and throw into your garbage.**

Absorbe las grasas y los aceites restantes con un material absorbente como servilletas de papel y tirelos junto con su basura.

- 3. Before you wash dishes, scrape food scraps, fats, oils and grease into your garbage.**

Antes de lavar los platos, tire los restos de alimentos, grasas, y aceites en la basura.

- 4. Use sink strainers to catch any remaining food waste while washing dishes.**

Utilice coladores para fregaderos al lavar los platos para atrapar los restos de comida restantes.

Prince William County Service Authority, Woodbridge, VA
