

Pipeline West Flood Area

August 18, 2022

Welcome to the City of Flagstaff's Pipeline West flood area eNews. Please email info@pipelinewestflooding.com with any questions. These eNews will be released regularly to provide updates as information becomes available.

BACKGROUND

The Pipeline Fire was reported on June 12, 2022, approximately 6 miles north of Flagstaff within the Coconino National Forest. The fire burned 26,532 acres, including portions of the Schultz Creek and Chimney watersheds. A burn scar assessment and flood modeling subsequently showed potential post-wildfire flood risk to neighborhoods on the west side of Flagstaff. Both the City of Flagstaff and the Coconino County Flood Control District are collaborating with public and private partners and taking extensive measures and precautions to mitigate damage from future potential flood events.

FLOOD INSURANCE WEBINAR

Residents who want to learn more about FEMA's National Flood Insurance Program, private flood insurance, and other post-wildfire flooding resources are invited to a free online webinar on Monday, August 22, 2022 at 6:30 p.m.

The event is co-hosted by both the City of Flagstaff and the Coconino County Flood Control District and will feature a presentation from a representative from the Federal Emergency Management Agency (FEMA) National Flood Insurance Program. Topics will include an explanation of flood maps, an overview of FEMA's National Flood Insurance Program and the Risk Rating 2.0 system, as well as private flood insurance and additional resources.

The webinar will be streamed live via Zoom: <https://us06web.zoom.us/j/81184634826> and simulcast on the Coconino County YouTube channel: www.youtube.com/user/coconinocnty
